In relation to third parties, the assets of a sub-fund are only liable for the liabilities and payment obligations involving such sub-fund. Additional sub-funds may be established and/or one or more existing sub-funds may be dissolved or merged at any time. Each sub-fund will be invested in accordance with the investment objective and policy applicable to that sub-fund, the investment objective, policy (including acting as a feeder sub-fund or master sub-fund in the meaning of chapter 9 of the UCI Law (as defined below)), as well as the risk profile and other specific features of each sub-fund are set forth in the sales prospectus of the Company (the **Sales Prospectus**).

- 5.6 The Company will generally be legally bound by the joint signatures of at least two Directors.
- 5.7 The Board of Directors may delegate its powers to individual Directors or third parties for the purpose of conducting all or part of the day-to-day management of the Company. Delegation to individual Directors requires the consent of the Shareholders' Meeting.

The Board of Directors has appointed a management company (the **Management Company**) subject to Chapter 15 of the UCI Law to perform collective portfolio management activities in accordance with the UCI Law.

- 5.8 The minutes of any meeting of the Board of Directors shall be signed by the chairman who presided at such meeting. Proxies shall be attached to the minutes.

- 5.10 In the event that any Director or officer of the Company may have any personal interest in any legal transaction of the Company, such Director or officer shall make known to the Board of Directors such personal interest and shall not consider or vote on any such transaction, and such an event shall be reported to the next succeeding Shareholders' Meeting.
- 5.11 The term "personal interest" shall not include any relationship with or interest in any matter or transaction involving a company that is part of the Deutsche Bank Group, or such other company or legal entity as may from time to time be determined by the Board of Directors at its discretion.

- 6.1 The capital of the Company shall be represented by bearer and/or registered shares and/or shares in dematerialized form of no nominal value and shall at any time be equal to the sum of the net values of the Company's individual sub-funds ("Company net assets").
- 6.2 The minimum capital of the Company is EUR 1,250,000.00, which has to be reached within six months after the establishment of the Company, being provided that Shares of a Target Sub-fund held by a cross-investing Sub-fund (as defined in Article 9.3(e) below) shall not be taken into account for the purpose of the calculation of the EUR 1,250,000 minimum capital requirement.
- 6.3 In accordance with article 181(1) of the UCI Law, the Board of Directors will allocate the capital of the Company to individual sub-funds.
- 6.4 The Board of Directors may, on receipt of payment of the issue price for the benefit of the Company, issue new Company shares in a particular share class of a sub-fund without reserving for the existing shareholders a preferential right to subscription of the shares to be issued. The Board of Directors may delegate to any Director and/or to any other duly authorized third party the authority to issue such new shares. The Company's assets held in each respective sub-fund are invested in securities and other legally permissible assets in accordance with the investment policy of that sub-fund as determined by the Board of Directors and taking into consideration the investment restrictions provided for by law or adopted by the Board of Directors.
- 6.5 The issue price of new shares issued shall be equal to the net asset value per share pursuant to Article 12 plus a front-end load, if any. A more detailed description of the calculation method which will be used in order to calculate the issue price of new shares can be found in the current Sales Prospectus.

Article 7. DEPOSITARY

- 7.1 As part of its legal obligations, the Company will enter into a depositary agreement with such a bank as defined by the Law of 5 April 1993 that governs access to the financial sector and its surveillance, including subsequent amendments thereto.
- 7.2 The depositary (the **Depositary**) shall accept the obligations and responsibilities stipulated by the UCI Law.
- 7.3 Both the Depositary and the Company may terminate the depositary agreement at any time by giving three months' written notice. Such termination will be effective when the Company, with the authorization of the responsible supervisory authority, appoints another bank as Depositary and that bank assumes the responsibilities and functions as Depositary ; until then the previous Depositary shall continue to fulfill its responsibilities and functions as Depositary to the full extent in order to protect the interests of the shareholders.

Article 8. Audit

- 8.1 The Company's annual financial statements shall be audited by an auditor appointed by the Board of Directors.

Article 9. Investment Policies and Restrictions

- 9.1 The Board of Directors is vested with the broadest powers to perform all acts of administration and disposition in the Company's interest. All powers not expressly reserved by law or by these Articles to the Shareholders' Meeting may be exercised by the Board of Directors.
- 9.2 The Board of Directors has, in particular, the power to determine the corporate policy. The course of conduct of the management and business affairs of the Company shall fall under such investment restrictions as may be imposed by Part I of the UCI Law or be laid down in the laws and regulations of those countries where the shares are offered for sale to the public or as shall be adopted from time to time by resolutions of the Board of Directors and as shall be described in any prospectus relating to the offer of shares.
- 9.3 In the determination and implementation of the investment policy the Board of Directors may cause the Company to comply with the following general investment restrictions, which will be further set out in the Sales Prospectus.
- (a) Eligible Investments
- (i) The Company's investments may consist solely of eligible investments as stipulated in article 41(1) of the UCI Law. The term '*autre marché réglementé*' (another regulated market), as referred to in article 41(1), point c) and d) of the UCI Law, shall mean, for the purpose of these Articles, another regulated market in a country of Western or Eastern Europe, Asia, Oceania, the American continents or Africa
- (ii) Each sub-fund may:
- (A) invest up to 10% of its net assets in transferable securities and money market instruments other than those referred to under Article 9.3(a)(i);
- (B) acquire movable and immovable property which is essential for the direct pursuit of its business; and
- (C) hold liquid assets on an ancillary basis.
- (b) Unless otherwise provided for in the Sales Prospectus, a sub-fund will not invest more than 10% of its NAV in shares or units of other UCITS or other UCIs.
- (c) The Company is subject to the principles of risk diversification and subject to the rules set out in articles 43, 44, 45 and 46 of the UCI Law. The Company is authorized to invest up to 100% of the net assets of a sub-fund in transferable securities and money market instruments from various offerings that are issued or guaranteed by an EU Member State or its local authorities, a non-member state of the EU accepted by the Commission de Surveillance du Secteur Financier (the CSSF) and further disclosed in the Sales Prospectus, or by public international organizations in which one or more EU Member States are members. These securities must be divided into at least six different issues, with securities from one and the same issue not exceeding 30% of the total net assets of a sub-fund.
- (d) If the Board of Directors decides to create one or more feeder sub-funds, each such feeder sub-fund will invest at least 85% and up to 100% of its assets in units of another eligible master UCITS (or sub-fund thereof) under the conditions set out by applicable law and such other conditions as set out in the Sales Prospectus.
- (e) A sub-fund (the **Cross-investing Sub-fund**) may invest in one or more other sub-funds (the **Target Sub-fund(s)**) in accordance with the provisions of article 181(8) of the UCI Law. Voting rights, if any, attached to the relevant shares are suspended for as long as they are held by the Cross-investing Sub-fund and without prejudice to the appropriate processing in the accounts and the periodic reports.

Article 10. Shares of the Company

- 10.1 Shares of the Company are documented in the form of global certificates, unless otherwise provided for in the sales documentation for the respective sub-fund.
- 10.2 All shares within a share class have the same rights. The rights of shareholders in different share classes within a sub-fund can differ; provided that such differences have been clarified at the time those shares were issued. Shares are issued by the Company immediately after the net asset value per share has been received for the benefit of the Company.
- 10.3 The Company may, on its own responsibility and in compliance with the conditions described in detail in the Sales Prospectus, accept securities as payment for a subscription (“investment in kind”), as long as the Company believes that such an action is in the interest of shareholders. The nature of the business undertaken by the enterprises whose securities are accepted as payment for a subscription must, however, be compatible with the investment policy and the investment limits of the respective sub-fund. The Board of Directors may, at its own discretion, reject any and all securities offered as payment for a subscription, without having to give reasons. All costs arising from an investment in kind shall be borne by the subscriber in their entirety. The Company’s auditor must prepare a valuation report for these securities, which in particular shall specify the amounts, designations and values of the securities, as well as the valuation methods used.
- 10.4 The issue and redemption of shares and the distribution of dividends are performed by the Company, the transfer agent and all paying agents.
- 10.5 The Company accepts only one shareholder per share. In case of a joint ownership or beneficial interest the company may suspend the voting right until a person is named which represents the joint owners or beneficiaries towards the Company. Joint owners have nevertheless the right to information provided for in the Company law.
- 10.6 The Company may issue fractional shares. In that case the Sales Prospectus contains detailed information on the processed number of decimal places.
- 10.7 Every shareholder has the right to vote at all Shareholders' Meetings. The voting right may be exercised in person or by proxy. Each share is entitled to one vote. Fractional shares do not represent a voting right, but entitle for participation in the payment of dividends on a pro rata basis.

Article 11. Restrictions on Ownership of Shares – TRANSFER OF SHARES

- 11.1 The Company may at any time and at its discretion reject a subscription application or temporarily limit, suspend or permanently discontinue the issue of shares, or may buy back shares at the redemption price, if this is deemed necessary in the interest of the shareholders or the public, or to protect the Company or the shareholders.
- 11.2 In this case, the Company, or the agent appointed by the Company to issue shares, will promptly refund payments on subscription applications that have not yet been executed.
- 11.3 The Company may at any time and in its sole discretion, restrict or prevent the ownership of shares in the Company by a Prohibited Person.

“Prohibited Person” means any person, firm or corporate entity, determined in the sole discretion of the Company as being not entitled to subscribe for or hold shares in the Company or, as the case may be, in a specific sub-fund or share class, (i) if in the opinion of the Company such holding may be detrimental to the Company, (ii) it may result in a breach of any law or regulation, whether Luxembourg or foreign, (iii) if as a result thereof the Company may become exposed to disadvantages of a tax, legal or financial nature that it would not have otherwise incurred or (iv) if such person, firm or corporate entity would not comply with the eligibility criteria of any existing share class.

If at any time it shall come to the Company’s attention that shares are beneficially owned by a Prohibited Person, either alone or with any other person and the Prohibited Person fails to comply with the instructions of the Company to sell its shares and to provide the Company with evidence of such sale within 30 calendar days after being so instructed by the Company, the

Company may in its sole discretion compulsorily redeem such shares at the redemption amount immediately after the close of business specified in the notice given by the Company to the Prohibited Person of such compulsory redemption, the shares will be redeemed in accordance with their respective terms and such investor will cease to be the owner of such shares.

Article 12. Calculation of the Net Asset Value per Share

- 12.1 The fund currency of the Company is the euro. The base currency of the sub-funds and of the share classes may be different from the fund currency.
- 12.2 The value of a share shall be calculated regularly, at least twice a month, for each class of shares of each sub-fund. The Company may, within the limits specified by law, delegate the calculation of the net asset value per share to third parties. The net asset value per share of each share class of each sub-fund shall be expressed in the base currency of the relevant share class of that sub-fund. It shall be determined on each valuation date, taking into consideration the following valuation rules:
- 12.3 First, the value of the sub-fund's net assets on the valuation date is determined by deducting the total liabilities of the sub-fund from its total assets. If only one class of shares exists for a particular sub-fund, the sub-fund's net asset value is then divided by the number of shares of the sub-fund in circulation. If more than one class of shares was issued for a particular sub-fund, the percentage of the sub-fund's net assets attributable to the individual class of shares is divided by the number of shares of that share class in circulation. The net asset value per share can be rounded up or down to the nearest unit of the respective currency, as the Board of Directors shall determine. If since the time of determination of the net asset value per share there have been a material changes in the quotations in the markets on which a substantial portion of the investments are traded or listed, the Company may, in order to safeguard the interests of shareholders and the Company, cancel the first valuation and carry out a second valuation.
- 12.4 The assets of the Company primarily include:
- (a) securities and other investments of the Company's assets;
 - (b) liquid assets, including any interest accrued thereon;
 - (c) amounts receivable from dividends and other distributions;
 - (d) interest claims due and other interest on securities owned by the Company, except to the extent that they are included or reflected in the market value of such securities;
 - (e) formation and set-up costs of the Company, insofar as these have not yet been amortized;
 - (f) other assets, including expenses paid in advance.
- 12.5 The liabilities of the Company primarily include:
- (a) loans and liabilities due, with the exception of liabilities due to subsidiaries;
 - (b) all liabilities resulting from the day-to-day management of the Company's assets;
 - (c) all other liabilities, present and future, including the amount of any declared but still unpaid dividends on Company shares;
 - (d) provisions for future taxes and other reserves, to the extent that they have been authorized or approved by the Board of Directors;
 - (e) all other liabilities of the Company of whatsoever kind and nature, except liabilities represented by shares in the Company.
- 12.6 Shares of the Company whose redemption has been applied for shall be treated as shares in circulation until the valuation date of such a redemption, with the redemption price being a liability of the Company until its effective payment.
- 12.7 Shares to be issued shall be treated as shares already issued as of the valuation date applicable for their issue price. Any unpaid issue price shall be a receivable due to the Company until receipt of payment.

- 12.8 The Company net assets for each sub-fund shall be calculated according to the following principles:
- (a) Securities listed on an exchange are valued at the most recent available price.
 - (b) Securities not listed on an exchange but traded on another organized market are valued at a price no lower than the bid price and no higher than the ask price at the time of the valuation, and which the Company considers the best possible price at which the securities can be sold.
 - (c) In the event that such prices are not in line with market conditions, or for securities other than those covered in (a) and (b) above for which there are no fixed prices, these securities, as well as all other assets, will be valued at the current market value as determined in good faith by the Company, following generally accepted valuation principles verifiable by auditors.
 - (d) The liquid assets are valued at their nominal value plus interest.
 - (e) Time deposits may be valued at their yield value if a contract exists between the Company and the credit institution stipulating that these time deposits can be withdrawn at any time and that their yield value is equal to the realized value.
 - (f) All assets denominated in a currency other than that of the respective sub-fund are converted into the sub-fund currency at the most recent mean rate of exchange.
- 12.9 An income equalization account shall be maintained.
- 12.10 For large-scale redemption requests that cannot be met from the liquid assets and allowable credit facilities, the Company may determine the net asset value per share on the basis of the price on the valuation date on which it sells the necessary securities; this price shall then also apply to subscription applications submitted at the same time.
- 12.11 The assets shall be allocated as follows:
- 12.12 The proceeds from the issue of shares of a share class within a sub-fund is assigned in the books of the Company to the appropriate sub-fund, and the corresponding amount will increase the percentage of that share class in the net assets of the sub-fund accordingly. Assets and liabilities, as well as income and expenses, are allocated to the respective sub-fund in accordance with the provisions contained in this Article. If such assets, liabilities, income and expenses are identified in the provisions of the Sales Prospectus as being allocated exclusively to certain specified classes of shares, they will increase or reduce the percentage of those share classes in the net assets of the sub-fund.
- (a) Assets that are also derived from other assets are allocated in the books of the Company to the same sub-fund or the same class of shares as the assets from which they are derived, and at each revaluation of an asset the increase or decrease in value is allocated to the corresponding sub-fund or class of shares.
 - (b) If the Company enters into an obligation that is connected to a particular asset of a particular sub-fund or a particular class of shares, or to an action relating to an asset of a particular sub-fund or a particular class of shares, this liability is allocated to the corresponding sub-fund or class of shares.
 - (c) If an asset or a liability of the Company cannot be allocated to a particular sub-fund, that asset or liability will be allocated to all sub-funds in proportion to the net assets of the respective sub-funds or in such other manner as the Board of Directors shall determine in good faith. Because of this allocation, only the sub-fund shall generally be liable for a particular obligation, unless it has been agreed with creditors that the Company as a whole shall be liable.
 - (d) In the event of a distribution of dividends, the net asset value per share of the distribution share class is decreased by the amount of the distribution. This decreases the percentage of the distribution share class in the sub-fund's net assets, while at the same time increasing the percentages in the sub-fund's net assets of the share classes that do not receive distributions. The net effect of the reduction of the sub-fund's net asset value, and the corresponding increase of the percentage of the sub-fund's net assets allocated to the

share classes that do not receive distributions, is that the net asset values of the non-distributing share classes are not adversely affected by any dividend distribution.

- 12.13 All valuation regulations and determinations shall be interpreted and made in accordance with generally accepted accounting principles.
- 12.14 In the absence of bad faith, gross negligence or manifest error, every decision taken by the Board of Directors in connection with the calculation of the net asset value per share shall be final and binding on the Company, as well as on present, past and future shareholders.
- 12.15 To enhance the protection of already existing investors, Swing Pricing may be adopted to compensate trading and other costs in case that large in- or outflows have a material impact to the sub-fund. The mechanism may be applied across all sub-funds. If Swing Pricing is implemented for a certain sub-fund, this will be disclosed in the Sales Prospectus.

Article 13. Suspension of the Issue and Redemption of Shares and of Calculation of the Net Asset Value per Share

- 13.1 The Company shall have the right to temporarily suspend the issue and redemption of shares of one or more sub-funds, or one or more classes of shares, as well as the calculation of the net asset value per share, if and while circumstances exist that make this suspension necessary and if the suspension is justified when taking account of the interests of the shareholders, in particular:
- (a) while an exchange or other regulated market on which a substantial portion of the securities of the Company are traded is closed (excluding normal weekends and holidays) or when trading on that exchange has been suspended or restricted;
 - (b) in an emergency, if the Company is unable to access its investments or cannot freely transfer the transaction value of its purchases or sales or calculate the net asset value per share in an orderly manner;
 - (c) if the assets available for acquisition on the market or the possibilities of disposing of assets of the sub-fund are limited because of the limited investment horizon of the sub-fund.
 - (d) in the event that a sub-fund is feeder of another undertaking for collective investment (or a sub-fund thereof), if and so long the other undertaking for collective investment (or the relevant sub-fund thereof) has temporarily suspended the issue and redemption of its shares or the calculation of net asset value per share;
 - (e) in the event of a merger between a sub-fund and another sub-fund or another undertaking for collective investment (or a sub-fund thereof), if a suspension is considered to be appropriate in order to protect the rights of the investors.
- 13.2 Investors who have applied for redemption of shares will be informed promptly of the suspension and will then be notified immediately once the calculation of the net asset value per share is resumed.

Article 14. Redemption of Shares

- 14.1 Shareholders are entitled at any time to request the redemption of their shares. Redemption will be effected only on a valuation date, and at the net asset value per share calculated in accordance with Article 12, less a redemption fee. The redemption price is paid out promptly following the applicable valuation date.
- 14.2 The Company shall have the right, with the previous authorization of the Depositary, to carry out substantial redemptions only once the corresponding assets of the Company have been sold without delay.
- 14.3 In exceptional cases, the Board of Directors may decide to accept applications for redemption in kind at the explicit request of investors. To effect a redemption in kind, the Board of Directors selects securities and instructs the Depositary to transfer these securities into a securities account for the investor in exchange for the return of his shares. The Board of Directors shall make sure that the remaining shareholders are not adversely affected by such a redemption in

kind. All costs arising from a redemption in kind shall be borne by the redeeming investor in their entirety. The Company's auditor must prepare a valuation report for these securities, which in particular shall specify the amounts, designations and values arising from this redemption in kind, as well as the valuation methods used.

- 14.4 The Company or an institution designated by the Company is obliged to transfer the redemption price to the country of the applicant only if this is not prohibited by law – for example by foreign exchange regulations – or by other circumstances beyond the control of the Company or an institution designated by the Company .
- 14.5 In the event that for any reason the value of the total net assets in any sub-fund has fallen below an amount determined by the Board of Directors to be the minimum level for such sub-fund to be operated in an economically efficient manner, or in the case of a substantial change in the political or economic situation or as a matter of economic rationalization, the Board of Directors may decide to redeem all the shares of the sub-fund at the net asset value per share (taking into consideration actual realization prices of investments and associated realization costs) calculated on the valuation date on which such decision shall take effect. The Company shall notify the holders of the shares of the sub-fund of such redemption in a timely manner. Shareholders will be informed by the Company by publication of a notice in newspapers to be determined by the Board of Directors, unless these shareholders and their addresses are known to the Company.
- 14.6 In a manner corresponding with Article 14.5, the Board of Directors may decide to redeem all shares of a share class at the net asset value per share (taking into consideration actual realization prices of investments and associated realization costs) calculated on the valuation date on which such decision shall take effect.

Article 15. Exchange of Shares

- 15.1 The shareholders of a sub-fund may exchange part or all of their shares at any time for shares of a different sub-fund or another share class of the same sub-fund, provided that such exchanges are provided for in the sales documentation for that sub-fund and the respective share classes of that sub-fund. This exchange is effected at the net asset value per share plus an exchange commission, the amount of which shall be stated in the sales documentation.

Article 16. Establishment, Closing and Merger of Sub-Funds or Share Classes

- 16.1 Establishment
Resolutions to establish sub-funds or Share Classes are adopted by the Board of Directors.
- 16.2 Closing
 - (a) In the event that the net asset value of a sub-fund has decreased to an amount determined by the Board of Directors to be the minimum level for such sub-fund to be operated in an economically efficient manner, or if a change in the economic or political situation relating to a sub-fund have occurred, or if necessary in the interest of the shareholders or the Company, the Board of Directors may resolve to dissolve the Company's assets held in a sub-fund and to pay out to shareholders the net asset value of their shares on the valuation date on which the decision takes effect. If a situation arises resulting in the dissolution of the sub-fund, the issue of shares of the respective sub-fund will be halted. If not otherwise decided by the Board of Directors, the redemption of shares remains possible provided the equal treatment of shareholders can be ensured. On order of the Company or the liquidators appointed by the shareholders' meetings, if applicable, the Depositary will divide the proceeds of the liquidation less the costs of liquidation and fees among the shareholders of the respective sub-fund according to their entitlement. The net proceeds of liquidation not collected by shareholders upon completion of the liquidation proceedings will at that time be deposited by the Depositary with the Caisse des Consignations in Luxembourg for the account of shareholders entitled to them, where such amounts will be forfeited if not claimed by the statutory deadline.

- (b) Furthermore, the Board of Directors may declare the cancellation of the issued shares in such a sub-fund and the allocation of shares in another sub-fund, subject to approval by the shareholders' meeting of the shareholders of that other sub-fund, provided that for the period of one month after publication according to the provision below the shareholders of the corresponding sub-fund shall have the right to demand the redemption or exchange of all or part of their shares at the applicable net asset value without additional cost.
- (c) The Board of Directors may resolve to dissolve a share class within a sub-fund and to pay out to the shareholders of this share class the net asset value of their shares (taking into consideration the actual realization values and realization costs with respect to investments in connection with this cancellation) on the valuation date on which the decision takes effect. Furthermore, the Board of Directors may declare the cancellation of the issued shares of a share class of such a sub-fund and the allocation of shares of another share class of the same sub-fund, provided that for the period of one month after publication according to the provision below, the shareholders of the share class of the sub-fund to be cancelled shall have the right to demand the redemption or exchange of all or part of their shares at the applicable net asset value and in accordance with the procedure described in these Articles at no additional cost.
