

Key investor information

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

DWS Qi LowVol Europe

Share class: LC, ISIN: DE000DWS17K8, Security code: DWS17K, Currency: EUR

The management company is DWS Investment GmbH, a member of the DWS Group.

Objectives and investment policy

The fund is actively managed. The fund is not managed in reference to a benchmark. The objective of the investment policy is to achieve sustained capital appreciation. To achieve this, the fund invests mainly in equities of European companies. An attractive risk/reward ratio is emphasized in the selection of individual securities. The selection is also based on the principle of risk diversification (broad portfolio). To this end, the fund aims to combine securities with as little price fluctuation as possible. Particular attention is paid to minimizing risk for the fund. Equity investment decisions are based on scientifically sound financial

mathematical analyses. In this context, the fund management is responsible for selecting the individual investments. The fund promotes environmental and social characteristics or a combination of these characteristics without pursuing an explicit ESG and/or sustainable investment strategy. The currency of the fund is EUR. Returns and gains are not distributed but are reinvested in the fund. You may request the redemption of shares generally on a daily basis. The Company may, however, suspend or restrict the redemption if extraordinary circumstances appear to make this necessary, taking into account the interests of the investors.

Risk and reward profile

The calculation of the risk and reward profile is based on historical data that cannot be used as a reliable indicator for the future risk profile. This risk indicator is subject to changes; the classification of the fund may change over time and cannot be guaranteed. Even a

fund that is classified in the lowest category (category 1) does not represent a completely risk-free investment. The fund is classified in category 5 because its share price fluctuates comparatively strongly and the likelihood of both losses and gains is therefore relatively high. The following risks could be of particular significance for the fund: There is the risk of loss resulting from the inadequacy or failure of internal systems, processes or people and as a result of external events.

A more detailed description of risks and other general information can be found in the risk section(s) of the prospectus.

Charges

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

| One-off charges taken before or after you invest | |
|---|--------|
| Entry charge | 5.00 % |
| Exit charge | None |
| This is the maximum that might be taken out of your money before it is invested (entry charge) and before the proceeds of your investment are paid out (exit charge). | |
| Charges taken from the fund over a year | |
| Ongoing charges | 1.50 % |
| Charges taken from the fund under certain specific conditions | |
| Performance fee | None |

The entry and exit charges shown are maximum figures. In some cases you might pay less - you can find this out from your financial adviser or distributor. The ongoing charges figure is based on expenses for the fiscal year ending 31.12.2021. It may vary from year to year. It excludes portfolio transaction costs and performance fees, if any. Additional information on costs can be found in the cost section(s) of the prospectus.

Past performance

Past performance is not a reliable indicator of future performance. All costs and fees that were withdrawn from the LC share class of DWS Qi LowVol Europe were deducted during the calculation. Entry and exit charges were not taken into account. The LC share class of DWS Qi LowVol Europe was launched in 2014.
